NEW ENGLAND WORKING HARD TO FILL QUOTA

Boston, May 1.—Bent on obtaining more than the minimum allotment of \$250,000,000 in the Boston federal reserve district, Liberty loan, committees went to work today to pile up subscriptions in every community that had failed so far to reach its quota. New England lacked yesterday \$41,000,000 of its quota.

Maine and New Hampshire have exceeded their quotas, and while the Vermont committee has laid claim to the honor of being the first New England state to raise more than was expected, its completed subscriptions had not been forwarded to the federal reserve bank here last night. There was great activity yesterday in Connecticut, whose percentage was 94.5, and in Massachusetts and Rhode Island, each of which had obtained 80 per cent. of its allotment.

BARRACKS TO BE BUILT ON COMMON

Cambridge, Mass., May 1.—The city council last night approved the action of the park board in granting the navy department's request for use of Cambridge common for the erection of barracks for students at the Harvard naval radio school. The building will be erected by the navy department within the fire limits, and the navy has agreed to keep the common in good condition.

There are upward of 5,000 wireless men in training at the college plant.

U. S. DELEGATES ARE GREETED BY ENGLISH GIRLS

London, May 1.—Several members of the American labor delegation now visiting England made a comprehensive survey of the royal arsenal in Woolwich yesterday. They were taken over the arsenal and privileged to see many important developments in the production of munitions. The delegates were received enthusiastically.

Miss Higgins of the delegation spoke at a large canteen crowded with girls. She expressed the sentiment that the women of the United States were emphasizing their will to war. The girls shouted "Good Old Glory."

Prof. A. O. Lovejoy of Johns Hopkins university addressed a large number of men. He explained the American viewpoint and declared America's determination to go on until victory is obtained. He said he did not wish to boast, but wanted to emphasize that they could rely on material help from America within the next month or two.

HEAVY LOSS TO HUNS REPORTED IN YPRES DRIVE

Suffered Most Severe and Costly Repulse Since March 21 Offensive.

ENEMY'S FAILURE IS HELP TO ALLIES

Commentators Give Out Warning Against Optimism in Press Reports.

London, May 1.—The failure of the German attacks southwest of Ypres on Monday, with its immense losses to the enemy, is commented on here in a more hopeful and more confident tone which is in marked contrast with some recent comments on news of the progress of the German advance toward the channel ports.

The consensus of opinion is that the enemy on Monday suffered the most severe and costly repulse since he began his offensive on March 21 and it is contended that if the terms of victory and defeat are applicable to single phases of such a prolonged battle, then the Allies on Monday won a very substantial victory.

Comparison is made between the present operations and the French defense of Verdun and the opinion is expressed that the German experience on the Verdun front is repeated in their effort to capture the group of hills southwest of Ypres. The enemy failure up to this time to achieve his object, and especially his bloody repulse of Monday, are regarded generally as a hopeful augury for the future of the Allied defense.

Nevertheless, the commentators warn against optimism. They remark that although the enemy has been foiled, it does not mean necessarily that the enterprise has been abandoned, but rather that it has been suspended in favor of an attack at some point where a successful defense seems less assured.

SUPREME COURT GIVES NEW TRIAL TO MRS. GILLIGAN

Hartford, May 1.—Mrs. Amy E. Archer Gilligan is to have a new trial for her life. Her appeal from the death sentence in the lower court was granted yesterday by the Supreme Court of Errors, thus adding another chapter to a murder case which is without precedent in Connecticut—a case recalling from history the name of Lucretia Borgia and her career of horror, a case overshadowing the notorious Mollinax case of the recent past.

The opinion was written by Justice Beach. All the justices concurred in the result, but Justice Rockback and Wheeler, dissenting from the reasoning of the majority of the court, arriving at their conclusions for reasons other than those given in the opinion.

One paragraph in the opinion apparently sums up the reasons for the finding of error and the ordering of a new trial in the case. It relates to the fact that although one specific death was chosen by the prosecution to show murder by poisoning, evidence was introduced concerning other deaths, which in the opinion of the Supreme court was inadmissible.

APPEALS FILED FROM ASSESSMENT BY COMMISSIONER

Appeal from the figures fixed by the Tax Commissioner upon his property in Fairfield avenue and Park avenue has been filed in the Superior Court by Archibald McNeil, asking for relief. The commission placed the value at \$64,820, the board of relief refused to reduce, but McNeil claims the proper value is only \$40,000 and he asks the court to fix that figure.

David M. Lustig appeals from an assessment of \$12,000 on his millinery business and \$1,223 for an automobile, saying the value should be only \$7,000 for the business and \$500 for the machine.

The Rogers Clothing Co. also appeals from a valuation of \$20,000 fixed by the Tax Commissioner. The company listed its business at \$10,000, the commissioner raised it to \$20,000, and the board of relief reduced that to \$16,000. This figure is still excessive is the claim.

Suit by the city of Bridgeport against the Liberty Ordnance Co. to collect overdue taxes has been filed in the list of 1915, in the name of the Bridgeport Projectile Co. the sum of \$7,756.06 is due, according to the complaint, and upon the list of 1917, the sum of \$11,205.11. Damages of \$25,000 are claimed.

Druggists Here Have Something New for Colds

Applied Externally, the Body Heat Releases Ingredients in Vapor Form.

COLDS GO OVER NIGHT CROUP IN 15 MINUTES

The Manufacturers Have Authorized the Local Druggists to Sell Any of the Three Sizes, 25c, 50c, or \$1.00, on 30 Days' Trial.

Since its introduction here a short time ago, the new treatment for cold troubles, known as Vick's VapoRub, has aroused a great deal of interest among local people, especially among mothers with small children.

Local druggists report that numbers have taken advantage of their 30 days' trial offer to see if a 25c jar of VapoRub really will relieve these troubles externally, without having to "dose" with nauseous internal medicines.

For croup, coughs, chest colds, sore throat or bronchitis, apply VapoRub well over the throat and chest, covering with a warm flannel cloth. Leave the covering loose around the neck so the vapors arising may be freely inhaled.

In addition, VapoRub is absorbed through and stimulates the skin, taking out that tightness and soreness in the chest. For head colds, catarrh, hay fever, or asthmatic troubles, VapoRub can either be applied up a spoon and the vapors inhaled.

You have to try this treatment to realize its remarkable effect in all cases of cold troubles.—Adv.
